DESCRIPTIONS

SCRAPBOOK

A fantastic keepsake album with random photos throughout the event.
(Please note: Not ALL photos make the scrapbook.)

EXTERNAL SLIDESHOW SCREEN

Show real time slideshow of photos taken inside the booth or photos given to us before hand such as engagement photos, a photo montage, baby montage, corporate images or anything else you can think of!

SOCIAL MEDIA SHARING

E-MAIL | FACEBOOK | TWITTER | SMS TEXT MESSAGE

Guests can e-mail their photos or post them on their own Facebook walls or Twitter right from the booth! Guests can also SMS Text Message their photos right to their cellphones! If you'd like we can also stream photos to any face book album of your choice.
THIS IS BY FAR THE MOST POPULAR ADD-ON!

PROP BOX

Boas, tiaras, glasses, hats, mustaches, the works!

EXTRA PRINTS

Have a large group crammed into the booth? No worries. Now they can choose to print as many copies they need without having to sit for another session!

HD VIDEO MESSAGES

Allow guest to leave up to 30-second video message to the guest(s) of honor. You of course get a copy of all videos in your flash drive.

ANIMATED GIFs

Users take their photos and the software will automatically make a quick slideshow of the session, a GIF, in real time. This GIF file can then be shared to e-mail or social networks. You can of course also get them all in your flash drive whether the guest chooses to use it or not.

INSTAGRAM STYLE FILTERS

We thought the choice of just Color, or Black & White was boring! So we decided to spice it up a bit! Now, after taking their photos guests can instantly FILTER their photos anyway they'd like with Instagram Style Filters! It's pretty cool actually!
